Geochemistry Division Symposia Summary (room #)

Shortened Title	Sun 3/31		Mon 4/1		Tues 4/2		Wed 4/3		Thu 4/4	
	AM	PM	AM	PM	AM	PM	AM	PM	AM	PM
Molecular Processes at Mineral-Water Interfaces	W311G									
Understanding shale-gas-fluid interactions	W311F									
General Geochemistry Symposium in Honor of Everett Shock			W311G							
			W311F							
2019 Geochemistry Division Medal Symposium				W311F						
Chemical Transport & Remediation in Mining Legacy					W311G					
Planetary and Meteoritic Chemistry					W311F					
Environnemental Interfaces Under Nano Confinement							W311F			
Nanoparticles in Nature							W311G			
Mineral Crystallization, Aggregation, & Dissolution							W311H			
Microbial interactions & their application in remediation								W311G		
Hydrocarbon/Water/Mineral Interactions in the Subsurface									Valencia Ballroom A	
Division Social + Awards					6-8pm Blue Martini					
Poster Session							6-8pm Hall C
